

**FOR IMMEDIATE RELEASE**

## ProNav FALL Into Savings Event!

**September 15, 2017**

For the first time since the product launch in December 2015, the ProNav Angler is now available for a limited time with a \$100 rebate! Until November 1, 2017, with the purchase of any ProNav Angler, you will receive a \$100 rebate.

### **Details on ProNav's \$100 Dollar Rebate on the ProNav Angler**

This rebate is only available to purchases made in the US directly from ProNav or one of our [many dealers](#) (this offer excludes Amazon.com). Each customer can use the rebate a maximum of one time. Qualifying purchases must be made on or between September 15, 2017 and November 1, 2017. You will have until December 1, 2017 to send in the rebate.

You must mail in the dated, itemized receipt of your purchase with the rebate. Receipts may also be in the form of a packing slip, an invoice or a printed receipt. You must also enclose the cutout UPC barcode from the package. It is recommended that you copy everything before mailing it in!

The rebate will be made in US dollars (in check form), and mailed to the address filled out in the rebate. Please allow 8 to 10 weeks from purchase date to receive rebate. All rebate checks will be postmarked no later than December 29, 2017.

*To redeem your rebate, visit [www.pronavmarine.com/rebate](http://www.pronavmarine.com/rebate) to download the rebate form OR visit one of our participating dealers.*

### **Fish With ProNav Angler and Spend More Time Fishing!**

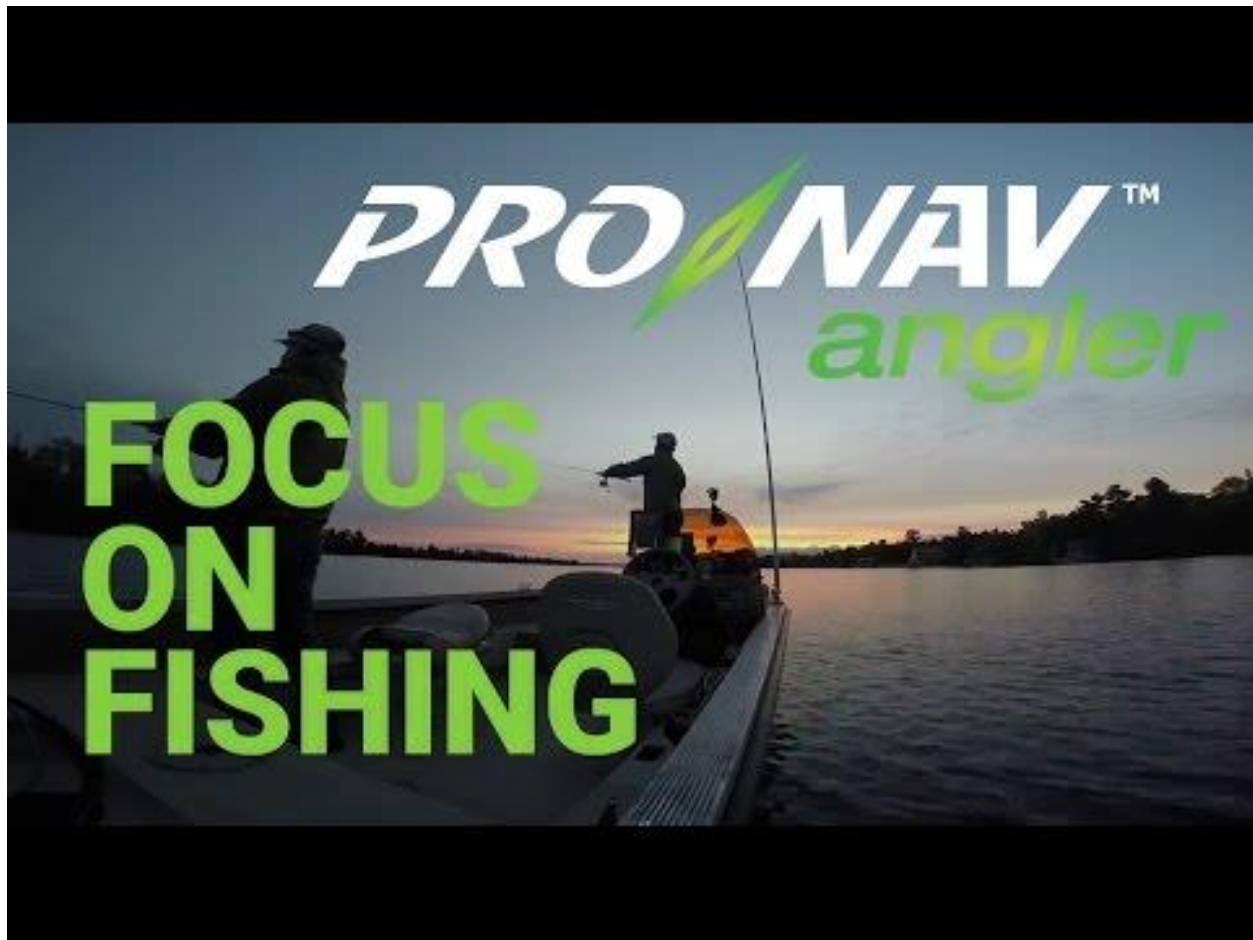

Unlock the potential of your bow-mounted trolling motor using your mobile device and the ProNav™ Angler™ mobile app. The ProNav Angler is an advanced, GPS-guided autopilot system for your bow-mounted trolling motor. It plugs directly into your motor and is controlled from your smartphone or tablet.

ProNav is a smart, GPS-guided autopilot system that uses a smartphone or tablet to control your boat's every move, so you don't have to. Designed to let anglers focus on fishing, not fighting to keep their boats on course, the compact device connects to the shaft of your

bowmount trolling motor in seconds and allows you to easily control a full suite of navigational functions directly from your smartphone or tablet, without the need for a costly chartplotting sonar unit.

Proven during extensive testing in all types of conditions, the ProNav Angler lets you create and modify routes both on and off the water from your mobile device, allowing you to chart and retrace productive courses along prime lies such as weedlines, drop-offs and other structural sweet spots using satellite imagery and other maps.

#### **WE DRIVE, YOU FISH!**

- Create and follow routes on the fly
- Use your motor as an anchor
- Share and store anchor points and routes
- Plan or modify routes both on and off the water
- Track your trip on your mobile device
- Access your data from multiple devices
- Integrates with Navionics mobile charting (currently available for iOS devices, Android to follow)
